

**Embassy of India
Lima (Peru)**

**IMPLEMENTATION OF BIOMETRIC DATA ENROLMENT FOR GRANT
OF VISAS AT THE EMBASSY OF INDIA IN LIMA FROM 01 JUNE 2015**

The Government of India is rolling out Biometric Data Collection for Indian Visa globally and has already implemented this in several countries. This is part of the larger IVFRT (Immigration, Visa, Foreigner's Registration and Tracking) Programme.

The Embassy of India in Lima has also implemented biometric enrollment for all persons applying for a visa at this Embassy with effect from 01 June 2015. All visa applicants between the ages of 12 and 70 years are required to undergo photographic and fingerprint enrollment procedure prior to grant of a visa. Biometrics will be collected using a quick, discreet and non-intrusive process that captures a facial image with a digital camera and a 10-digit fingerprint scan with a digital finger scanner.
