About CBIS Expo

The Ceramic & Bath Industry Show (CBIS), hosted by Emerald Worldwide Connections, is an ultra-premier event showcasing the latest innovations, revolutionary technology, and cutting-edge products in ceramic tiles, sanitary ware, and bath fittings. It is a one-of-a-kind opportunity for buyers across the globe to network with industry stalwarts and foray into a largely untapped manufacturers' market within India. CBIS is more than a traditional exhibition—it is a vibrant and multifaceted platform that allows you to stay ahead of trends, foster meaningful business connections and strengthen pre-existing supply chains, along with unlocking exciting new avenues in the ceramic and bath sectors.
